

DR. SHAHIN FAZILAT

DR. SHAHIN FAZILAT is certified by the American Board of Plastic Surgery and is an active member of the American Society of Plastic Surgeons and the American Society for Aesthetic Plastic Surgery. He believes strongly in providing personal care for each of his patients and prides himself on being an approachable surgeon with whom his patients can feel comfortable voicing their questions and concerns.

Dr. Fazilat grew up on the east coast and graduated with honors from the University of Maryland at College Park. He then attended the historical Howard University School of Medicine in Washington, D.C. and graduated in the top quarter of his class. Following medical school, Dr. Fazilat found his passion for plastic and reconstructive surgery during his general surgery training at The Washington Hospital Center. He completed his plastic surgery training in New York City at Columbia University College of Physicians and Surgeons/Harlem Hospital Program. Dr. Fazilat accepted a fellowship position in microsurgery and hand surgery at Stanford University, where he is currently an adjunct clinical instructor in the division of plastic surgery.

SURGERIES ARE CUSTOMIZED based on the patient's need, physique, desires and medical necessity. Dr. Fazilat has operating privileges at El Camino Hospital, Good Samaritan Hospital, Sequoia Hospital, and a number of Bay Area Surgery Centers.

SF BAY AREA PLASTIC SURGERY

"Dr. Fazilat strives to meet each patient's desires with his superior expertise and quality of care."

NON-INVASIVE ARTISTRY

LASER HAIR REMOVAL WITH GENTLEMAX PRO®
We offer laser hair removal; please inquire about pricing and special package discounts.

SKIN RESURFACING WITH FRAXEL RE:STORE™
A non-ablative laser treatment proven effective for photo damage, periorbital wrinkles around the eyes, acne scars, surgical scars, and other conditions. This skin resurfacing treatment requires minimal downtime and can be used on the face, neck, chest, and hands.

FACIAL REDNESS & BROKEN BLOOD VESSELS TREATMENT
Our GentleMax Pro® can treat facial redness and broken blood vessels in the cheeks, nose and chin.

LASER VEIN TREATMENT
We offer a simple procedure to treat spider veins (small clusters of red, blue or purple veins) that can be on the face, body or legs.

MICRO-NEEDLING WITH SKINPEN™ AND PRP
Micro-Needling, which is also referred to as Collagen Induction Therapy, is used to treat and improve fine lines and wrinkles, skin laxity, texture, tone, color, hyper-pigmentation, acne scarring and overall skin rejuvenation. Micro-Needling is combined with PRP (platelet-rich-plasma) to further boost collagen production, speed up recovery and provide a long lasting glow.

MORPHEUS8 ORIGINAL, BODY & RESURFACING
A minimally invasive skin rejuvenation procedure that pairs microneedling with radiofrequency (RF) energy. It uses tiny needles to deliver RF energy deep into your skin, creating micro injuries that trigger your body's natural healing response and promote production of new collagen and elastin, to firm and remodel skin.

CLEAR & BRILLIANT® & CB PERMEA®
This laser facial helps prevent the visible signs of aging and can address the overall effects that time and the environment can have on your skin. Clear & Brilliant treats fine lines, the appearance of pores, and skin tone and texture. Our Permea® handpiece targets discoloration and is an effective solution for melasma patients.

COOLSCULPTING® BODY CONTOURING
An innovative way to contour your body by freezing unwanted fat away with no surgery or downtime.

COOLTONE® BODY SCULPTING
The CoolTone® device is FDA-cleared for toning, firming and strengthening the muscles of the abdomen, buttocks, and thighs.

NASAL SURGERY | Rhinoplasty
EAR LOBE REPAIR
FAT TRANSFER TO FACE
FAT TRANSFER TO LIPS

NON-SURGICAL SKIN TIGHTENING

FACETITE®
FaceTite is a facial rejuvenation procedure that simultaneously delivers radiofrequency (RF) energy both beneath the skin and at its surface, to stimulate collagen production. Over the coming weeks and months, this new collagen tightens and firm's skin. FaceTite can tighten skin and reduce fat on the chin, jowls, cheeks, and neck.

BODYTITE®
BodyTite uses radiofrequency energy (RF) to tighten loose skin and firm tissue. BodyTite is most beneficial for tightening skin with minimal to moderate laxity (not severe sagging), so it's important to make sure you're a good candidate and have realistic expectations about the results you may be able to achieve.

INJECTABLES

BOTOX® COSMETIC & DYSPORT®
BOTOX® Cosmetic or Dysport® are injected under the skin into the muscle to reduce or eliminate the appearance of facial wrinkles.

DAXXIFY™
DAXXIFY™ is the only long-lasting frown line treatment powered by a peptide.

JUVÉDERM®, RESTYLANE®, & REVANCE® PRODUCTS
Hyaluronic Acid Fillers offer immediate results and are used to reduce fine lines and wrinkles, plump the lips, sculpt cheeks, and restore a youthful shape to the face.

BELOTERO®
Belotero® is an injection that is used to temporarily smooth-out and fill in fine lines and wrinkles.

RADIESSE
Radiesse is a synthetic injectable filler that reduces wrinkles, creases, and scars by augmenting the body's natural collagen supply. Radiesse is a long-lasting filler and is most commonly used in facial folds, and sculpting of the jaw and chin.

SCULPTRA®
Sculptra® Aesthetic works subtly and gradually over time for a more youthful-looking appearance. This treatment helps stimulate your skin's own natural collagen production and increase facial volume that has been lost to aging.

PRP INJECTIONS (FACE & SCALP)
PRP injections are done to stimulate collagen production in areas that have volume loss. PRP injections can be combined with your MicroPen and PRP treatment to treat fine lines, acne scars and other areas in need of fullness. We also use PRP injections to the scalp to promote hair growth in thinning areas.

AESTHETIC TREATMENTS

Our clinical aesthetician offers relaxing, and results driven skincare solutions. Our service offerings include; complimentary Skincare Consultation with analysis using our Visia™ Technology, customized facials, HydraFacial™, Chemical Peels, Dermaplaning, and Acne Bootcamp by Face Reality.
